## SYSTEMS NOT IN COMPLIANCE

### Systems Not in Compliance with Federal Financial Management Systems Requirements

The following eleven HUD Financial Management Systems are reported as not in compliance with Federal Financial Management Systems Requirements as of fiscal year end 2000.

HUD reduced the number of non-compliant systems from 98 at the end of fiscal year 1992 to 11 at the end of fiscal year 2000. The reduction in non-compliant systems is attributable to HUD's ongoing effort to implement a single integrated financial management system which has consolidated systems /systems functions and provided the required processes to comply with federal financial management requirements, as well as replacing legacy systems with compliant systems. The implementation of the subsidiary general ledger for the Office of Housing will address the deficiencies associated with many of the non-compliant systems.

System Number	System Name
A2I	Loan Accounting System
A56	Mortgage Insurance General Accounting
A65A	Section 235 Automated Validation and Editing System
A80N	Single Family Mortgage Notes System
A80S	Single Family Acquired Asset Management System
